

You're morning eyes I could stare like watch your stars I could walk you by
and I'll tell without a thought To be mine, what you're mine If I took your
hands in line Nor you're all that I want to say I can imagine you falling low
On that budget moon, the light skies we threw I think I'll picture us through
with the wings The oceans, colors, our face All by heart with your hands
So let me fly with you Will you be forever with me? My love will always stay
by you I'll keep it safe so don't you worry thing I'll tell you I love you more
It's stuck with you forever So promise you won't let it go I'll trust the
universe, but love is bringing me to you I'll imagine you falling low On that
budget moon, the light skies we threw I think I'll picture us through with the
wings The oceans, colors, our face All by heart with your hands So let me
fly with you Will you be forever with me? My love will always stay by you I'll
keep it safe so don't you worry thing I'll keep it safe so don't you worry
thing I'll keep it safe so don't you worry thing I'll keep it safe so don't you
worry thing You
